Department of Pediatric Surgery
Chittagong Medical College & Hospital
List of Thesis by MS (Pediatric Surgery) students

Sl No	Name of researcher	Title	Year of study	Guide
1.	Dr. Mozammel Hoque	Patterns of anorectal malformations and associated anomalies in children.	2007	Prof. Tahmina Banu
2.	Dr. Kamrun Laila	Finding of barium enema in Hirschsprung's dsease.	2009	Prof. Tahmina Banu
3.	Dr. Mahfuzul Kabir	Outcome of prenatally diagnosed posterior urethral vulve patients.	2010	Prof. Tahmina Banu
4.	Dr. Tanvir Kabir Chowdhury	Gender identity shows a high correlation with Prader score in patients with disorders of sex development (DSD)in mid childhood.	2013	Prof. Tahmina Banu
5.	Dr. Tahmia Akter Chowdhury	Comparative study between intralesional dexamethasone and oral prednisolone in the treatment of infantile haemangioma	2013	Prof. Md. Akbar Husain Bhuiyan
6.	Dr. Golam Habib	Comparison between the outcome of anterior sagittal anorectoplasty and anal transposition (with intact perinea body) procedures in patients with vestibular anus.	2013	Prof. Md. Akbar Husain Bhuiyan
7.	Dr. RupamTalukder	Role of Ultrasonogram for the measurement of Renal Parenchymal Thickness in Congenital Pelvi-Ureteric Junction Obstruction after Anderson-Hynes Pyeloplasty.	2014	Prof. Tahmina Banu
8.	Dr. Mohammad Zonaid Chowdhury	Management of early appendicular lump in children-laparoscopic technique versus open surgery: a comparative study.	2019	Dr. Md. Abdullah Al Farooq

9.	Dr. Efat Sharmin	Post-Operative Outcome of Transanal Endorectal Pull Through versus Laparoscopic Assisted Transanal Endorectal Pull-Through Procedures for Short Segment Hirschsprung's Disease with protective Stoma.	2024	Dr.Md. Khurshid Alam Sarwar
10.	Dr. Tanzil Farhad	Fast-track versus traditional perioperative care protocols in gastro intestinal surgery – a prospective, randomized controlled trial.	2022	Dr.Md. Khurshid Alam Sarwar
11.	Dr. Sharif Imam	Comparative study between one week and four weeks D-J stent indwelling time in children with AH pyeloplasty for PUJ obstruction.	2019	Dr. Md. Abdullah Al Farooq
12.	Dr. Md. Tameem Shafayat Chowdhury	Comparisons of malnutrition in acute uncomplicated versus acute complicated appendicitis in pediatric age group.	2021	Dr. Rajib Khastagir
13.	Dr. Md. Afruzul Alam	Comparison of outcome of Atenolol and Propanolol in the treatment of Infantile Haemangioma.	2021	Dr. Rajib Khastagir
14.	Dr. Adnan Walid	Urethrocutaneous fistula & meatal stenosis in tubularized incised plate urethroplasty in more than vs. less than 8mm width urethral plate.	2019	Dr.Md. Minhaj Uddin Sajid
15.	Dr Ayesha Sadia:	Compares of outcome of posterior versus anterior sagittal ano-rectoplasty in Anorectal malformation with Vestibular fistula	2022	Dr. Md. Khurshid Alam Sarwar
16.	Dr. Rumana Khan	Outcome of circumcision using disposable plastic device versus dissection method	2024	Dr. Md. Khurshid Alam Sarwar
17.	Dr. Fahmida Wafa	Location of Anal Dimple and Its Correlation with the Caudal Termination of the Striated Muscle Complex in Patients with Anorectal Malformations	2025	Dr. Md. Abullah Al Farooq
18.	Dr. Rakibul Hasan	Is renal calyx to parenchymal ratio by sonography a good predictor of outcome of	2025	Dr. Md. Abdullah Al Farooq

		pyeloplasty for uretero-pelvic junction obstruction?		
19.	Dr. Anik Dawre	Coronal and sub coronal hypospadias repair: After urethroplasty inner preputial flap and buck's fascia covering versus covering by buck's fascia only	2025	Dr. Md. Abdullah Al Farooq
20.	Dr. Kamrul Ahasan Chowdhury	Comparison of BATICH Score between Conservative and Operatively Treated Patients of Pediatric Blunt Abdominal Trauma	2025	Dr. Rajib Khastagir
21.	Dr. Rubaiyat Farhana	Evaluation of Children with Posterior Urethral Valve before and after Valve Ablation by Micturating Cystourethrogram (MCU)	2025	Dr.Md. Khurshid Alam Sarwar
22.	Dr. Md Arif-Ul-Sayedin Alam	Frequency of Postopertive Surgical Site Infection in Inguinal Herniotomy with or without Peri-operive Antibiotic in Children	2025	Dr. Rajib Khastagir
