Mymensing Medical College

Sl	Name of Student	Theses title	Year	Guide
1	Dr. A.S.M. Hasanuzzaman	Surgical validation of sonographic findings of processus vaginalis in pediatrics inguinal hernia	2008	Prof. Md Kabirul Islam
2	Dr. M.A. Gulam kibria	Compartative study between outcome of early and delayed repair of distal penile hypospadias	2008	Prof. Dr. Md. Shah Alam Talukder
3	Dr. Sharif Mohd. Zulker Nayeem	Pre-operative findings of intussusception- An indicator of aetiology in children	July 2010	Prof. Dr. Mahbub-Ul-Alam
4	Dr. Md.Shafikul Bari Tuhin	Wound infiltration with levobupivacaine: An alternative method of postoperative pain relief after inguinal hernia repair in children	2011	Prof. Dr. Mahbub-Ul-Alam
5	Dr. Mohammad Showkot Ali	Preputial dartos reinforced snodgrass tubularized incised plate urethroplasties in Distal Hypospadias to prevent urethrocutaneous fistula	2011	Prof. Dr. Md. Shah Alam Talukder
6	Dr. Nadiuzzaman Khan	Pattern of neonatal intestinal obstruction and their treatment modalities in a tertiary hospital	2012	Prof. Dr. Md. Shah Alam Talukder
7	Dr.Abdullah Al Mahmud	Echocardiographic screening for detection of congenital heart defect in anorectal malformation	2012	Prof. Dr. Md. Shah Alam Talukder
8	Dr. Shankar Chandra Das	validity of transperineal ultrasonography to evaluate the type of imperforate anus in comparison with conventional invertogram	2012	Prof Dr.Md. Shah Alam Talukder
9	Dr. Sangul Islam	Outcome of single stage correction of high variety anorectal malformation	2014	Prof. Dr. Md. Shah Alam Talukder
10	Dr. Kazi Afzalul Islam			
11	Dr. Md. Shakhawat Hossain	single stage repair of proximal hypospadias in otherwise healthy child	2016	Prof. Dr. Md. Shah Alam Talukder
12	Dr. Md. Mokarabin	Ultrasound in the diagnosis of palpable abdominal mass in children	2017	Prof. Dr. Md. Shah Alam Talukder

13	Dr.A.H.M Abu Sufian	Predictors of morbidity and mortality of neonatal intestinal obstruction	2019	Prof. Dr. Md. Shah Alam Talukder
14	Dr. Md. Farhad Ali Tarafder	Predictors of morbidity and mortality of gastrointestinal perforation in children	2019	Prof. Dr. Md. Shah Alam Talukder
15	Dr. Upendra Nath Roy	Outcome of posterior urethral incision technique(puit) for u-c fistula repait following hypospadias surgery.	2019	Prof. Dr. Md. Shah Alam Talukder
16	Dr. Naznin sheuli	Cardiovascular evaluation before and after splenectomy in beta thalassemia in children.	2019	Prof. Dr. Md. Shah Alam Talukder
17	Dr.Mohammad Billal Hossain	Outcome of urethroplasty in distal hypospadias with minimal period of post operative stenting.	2020	Prof. Dr. Md. Shah Alam Talukder
18	Dr.Debashish chakraborty	Rectal punch biopsy in the diagnosis of Hirschsprung disease.	2020	Prof. Dr. Md. Shah Alam Talukder
19	Dr. Khondaker Mahbub elahi	USG Vs Open diagnosis of UDT.	2022	Prof. Dr. Md. Shah Alam Talukder
20	Dr. Zia Uddin Ahmed Sami	After 48 hours in ileostomy reversion oral feeding	2022	Prof. Dr. Md. Shah Alam Talukder
21	Dr. K.M.Zafrul Hossain	Comparison of the lower inguinal skin crease and trans scrotal approach for the treatment of inguinoscrotal swellings in children	2022	Prof. Dr. Md. Shah Alam Talukder
22	Dr. Briti	Appendicitis open vs Alvarado scoring diagnosis which one is more accurate.	2026	Prof. Dr. Md. Shah Alam Talukder
23	Dr. Nahin Rezwan Asif	Outcome of extra dartos pouch orchiopexy in a sonologically defected inguinal UDT.	2021	Prof. Dr. Md. Shah Alam Talukder
24	Dr. Anwarul Azim Bappy	Comparison of effectiveness of application of amniotic membrane and silvasulfadiazine in the management of burn in children.	2024	Prof. Dr. Lokman Hossain Chowdhury
25	Dr. Saad Andalib	Feasibility and efficiency of home rectal irrigation of patient suffering from short segment HD	2023	Prof. Dr. Lokman Hossain Chowdhury
26	Dr. Md Habibur Rahman	Evaluation of operative time and early post operative outcomes of uncomplicated appendicitis by the	2025	Prof. Dr. Lokman Hossain Chowdhury

		single surgeon in laparoscopic and open appendectomy in children		
27	Dr. Tahmina Akter Mina	Comparison of inguinal herniotomies with and without opening the external oblique aponeurosis in child above the age of two	2024	Prof. Dr. Lokman Hossain Chowdhury
28	Dr. Mizanur Rahman Jewel	Post-operative outcome after parenteral testosterone therapy in microphalic hypospadias surgery	2022	Prof. Dr. Lokman Hossain Chowdhury
29	Dr. Md. Safwanur Karim	Prevalence of associated congenital anomalies in hypospadias patients attending in a tertiary level hospital	2025	Prof. Dr. Lokman Hossain Chowdhury
30	Dr. Hasan Ullah	Post operative outcomes of dismembered pyeloplasty with or without ureteral stenting in children with PUJ obstruction	2022	Prof. Dr. Lokman Hossain Chowdhury
31	Dr. Abu Hasnat Md Sayem	Comparison of continuous inverting suture versus over and over continuous suturing in hypospadias surgery	2024	Prof. Dr. Lokman Hossain Chowdhury
32	Dr. Asish Saha Roy	Comparison of efficacy of purse-string and conventional linear closure of wound following stoma reversal in children	2023	Prof. Dr. Lokman Hossain Chowdhury
33	Dr. Farzana Ali	Assessment of the complicated appendicitis in children by using paediatric appendicitis score and neutrophil to lymphocyte ratio	2024	Prof. Dr. Lokman Hossain Chowdhury
34	Dr. Md Jahangir Alam	Role of USG to differentiates simple and complicated appendicitis in children	2023	Prof. Dr. Lokman Hossain Chowdhury
35	Dr. Bikash Chandra Roy	Post operative outcome of anterior sagittal anorectoplasty with external sphincter preserving for the treatment of recto-vestibular fistula	2024	Prof. Dr. Lokman Hossain Chowdhury
36	Dr. Shakil Mahmud John	Comparing the outcomes of tabularized incised plate urethroplasty by single layer urethral closure with flap and double layer urethral closure	2025	Prof. Dr. Lokman Hossain Chowdhury

		without flap in mid and distal hypospadias		
37	Dr. Shafiq ul Islam	Comparison between tourniquet application and epinephrine injection for hemostasis in mid and distal hypospadias repair	2026	Prof. Dr. Lokman Hossain Chowdhury
38	Dr. Raghu Nath Karmakar	Outcome of Bishop-Koop procedure in newborn with Jejunoileal atresia	2026	Prof. Dr. Nadiuzzaman Khan
39	Dr. Md Jafer Ekbal	Comparison of the outcomes between early and conventional ileostomy closure in children	2026	Prof. Dr. Nadiuzzaman Khan
40	Dr. Md Kamrul Hasan	Efficacy of bowel management program for improving quality of life in postoperative fecal incontinence in anorectal malformation and hirschsprung disease	2026	Prof. Dr. Nadiuzzaman Khan
41	Dr. Sharmin Akter Rime	Role of hyponatraemia as a predictive factor for complicated acute appendicitis	2026	Prof. Dr. Nadiuzzaman Khan
